

**Annual Report Presented by the Principal
at the 9th Academic Day on 19th March, 2015**

In the Name of Allah, the Most Beneficent, Most Merciful

May His Blessings be on the Holy Prophet (Peace Be Upon Him)

and on all of us!

Salutation

Distinguished Chief Guest, Honourable members of the management, Respected teachers, Dear friends and Beloved students....

It is my pleasure and privilege to welcome you all for this wonderful occasion of 9th Annual Day celebrations of our college. I must, at the outset, express my deep sense of thankfulness to all of you for having consented to be with us. I extend my greetings to all and I am appreciative of your gesture of kindness in being with us to give us a sense of happiness, and to share with us the moments of pleasure.

This is the time to take a quick look at the road that we have travelled, the challenges that we have faced, the milestones that we have crossed and the values that have brought into the lives of those who believe in our vision of empowerment and mission of service.

May I take this opportunity to submit before you the Annual Report for the academic year 2014-15 which includes only those academic activities which we consider significant and worth-sharing within the constraints of time and space.

Genesis of the college

Wavoo Wajeeha Women's College stands as a testimony to the vision of our founder Alhaj. Wavoo S.Seyed Abdur Rahman. The college which was started in the year 2006 has carved out a name for itself in the academic map of our district through the demonstrated excellence in academic and social activities. The great wish of Alhaj. Wavoo S. Seyed Abdur Rahman is being shaped into reality under the banner of Wavoo SAR Educational Trust. This college is strategically located with a noble objective to bring in more value and meaning to the lives of women who occupy the lower ranks in social, regional, cultural, financial and educational levels.

Programs of Study

We offer 8 Under Graduate programs and 2 Post Graduate Programs. We are pleased to inform you that we have recently started B.A., Tamil Literature with Computer applications since last year.

Staff

This college draws its strength from the committed and dedicated teachers who represent different social, regional and cultural backgrounds of our nation. There are around 53 members of which one holds a doctorate degree and 39 others are M.Phil., degree holders. We are delighted to say that two of our staff members have cleared the State Level Eligibility Test (SLET) and around 13 members of our staff have been pursuing their Ph.D's in their respective disciplines. In order to give our students proper orientation in the academic subjects such as law, we have availed an experienced part-time lawyer too. Besides this, there are 39 non-teaching (support-staff) to facilitate smooth administration of the college.

Infrastructure

We are really honoured to have a management which is so liberal and magnanimous in providing us with all sorts of facilities and assistance to offer the best educational services to our students. The infrastructure and other facilities, which are required, and as prescribed by the university, are available in such proportions to create an environment conducive for learning and teaching. The vast campus of our college which spans for about 5 acres of land provides an idyllic beauty to our eyes.

Library and Labs

True to the words of Samuel Niger who said long ago 'A good library is a place, a palace where the lofty spirits of all nations and generations meet', we have a library which houses around 8000 books on different disciplines and branches. Our spacious library is a perennial attraction for all our students and staff alike. Besides these valuable books, we do have magazines, periodicals, journals and a stock of research papers for the reference of our academic community. The technological support we have in the library helps our students and staff to gain an access to the digital libraries of different universities and academic bodies.

Our library has a huge stock of thousands of books on different fields, genres and disciplines. Also, we have subscribed to no less than 15 journals both of academic importance, 31 magazines of different categories and 10 newspapers of different languages. These rich resources benefit a lot in quenching the thirst of knowledge of our students and staff.

Our college has well-equipped computer laboratories to meet the academic demands of each of the Departments of Computer Science and Information Technology. We have more than 68 computers with Intel dual core systems and high speed LAN and uninterrupted internet connection is accessible from the server round the clock.

We have an exclusive laboratory for Physics Department with all sorts of equipments and instruments required experiments. The prayer halls allotted to students on our campus which keep them connected to spiritual world amidst their academic schedule.

Transport

The college operates a fleet of around 12 buses and a number of vans to the service of our students. Our busses fly every day covering a radius of around 65 kms to reach out to the needy students who would have been otherwise put to great discomfort.

Orientation Program

The students who step into our portals of learning from different schools have to be properly re-oriented into college education system. We are aware of the causes of confusion and frictions. Hence, to tide away with it, we organize orientation programme for the new entrants every year. This academic year too, a two day orientation program was conducted between 25.06.2014 and 27.06.2014. Our founder president Alhaj. Wavoo. S. Seyed Abdur Rahman, the Secretary, Haji. Wavoo M.M. Mohuthazeen, the Assistant Secretary Haji. Hafiz. S.A.R. Ahamed Ishaque. M.A, (Azhari, Egypt), the Principal Dr.Mrs. V.Sasikala and the Director Dr. Mrs. Mercy Henry inaugurated the session and offered the students their words of wisdom. The Heads of various Departments introduced the academic system of the college and stressed on the need to develop self-reliance and self-discipline to achieve success in university education.

Bridge course

The students of first year are given special training to help them acclimatize with college education. The cultural and educational gaps existing between school and college education have been bridged by offering such inputs which are not only academically important but also functionally relevant. In this academic year, bridge course was offered to all the groups of students for a period of five days from 01.07.2014 to 07.07.2014 (excluding holidays). In our intensive training this year, we have taught all areas of technical importance to give our new students conceptual clarity in the subjects in which they might face initial difficulties.

Library

E-Learning User Details

Our college is proud to have a library which serves us a backbone to our academic system. The students and the faculty make use of the E- facility for their ready reference for all academic matters. We have an average of 30 student visitors every day. We do have N-List facility with an access to online international journals and research papers. These facilities help our teachers and students to stay updated and abreast with the development in their subject.

Activities

1. On behalf of our library, we conducted a book exhibition on 16-12-2014 to 17-02-2014. Hundreds of students from nearby schools too visited and got benefited.
2. In order to ignite the spirit of reading in our students, we organized a meet on Readers' Forum on 16.10.2014 and 26.02.2015. Good number of students participated in this discussion session and shared their experience of reading the books like தேன் துளிகள், உங்களால் முடியும் 'எங்கே அமைதி, வாழ்வாங்கு வாழ்ந்த வள்ளல், வானம் வசப்படும் என்றால்', சரித்திரம் படைத்த சாதனை பெண்கள் with their friends and teachers alike.
3. On 15-11-2015, a few students of our college along with the librarian participated in a television program, *Vasipom, Nesipom* organized by Puthia Thalaimurai TV channel in Tirunelveli.

4. Our college celebrated Library Day on 12-03-2015 and the Chief Guest, Dr.S.Nagajaran, Principal, Sri Sankara Bhagavathi College of Arts and Science, Kommdikottai who graced the occasion stressed the importance of developing reading habits among the students. On the eve of occasion, several competitions such as Verse Writing, Elocution and Essay Writing were conducted and best performers were duly appreciated with certificates and prizes.

Clean India Mission

Our college took up Clean India Mission Campaign launched by the government. A large number of students from different branches participated in it with a great sense of responsibility. The students who have divided themselves in small groups had taken up self-initiatives to keep the campus neat and clean. Our students did their best to carry forward the vision of Clean India Mission through their tireless activities of not only just keeping the environment neat and clean but also by adopting a novel method through placards and carrying posters to promote the culture of cleanliness by and large.

Placement Cell

Our college is dedicated to empower the students with the skills required to get placed in employment. We offer employability training to our students by roping in with some reputed training companies. During the academic year 2014-2015, around 57

students have been benefited through our placement training which was conducted in coordination with Wisdom School of Management, Coimbatore. **Our student, P. Saaroomathy from the Department of Computer Science got placed in Infosys.** We have, very recently, brought in senior professionals from Yujjin Solutions, Chennai, to offer employability training to all our final year students in order to expose them to the corporate world and to imbibe in our student's self-confidence and cross cultural competence to excel in their professional life.

EDC activities

EDC is a unique organ which is devoted to create awareness among the students regarding different business opportunities and models which can be experimented with. We do invite different entrepreneurs and let them share their story of success in order to inspire our students to take calculated risks in venturing into less trodden paths. In this connection, our students were encouraged to take part in a competition on 'My Career Plan: What I want to become in next Five years' conducted by Aachi Institute of Management Entrepreneurial Development. Around 91 students participated in the competition and were inspired by the motivating force, Mr.A.D. Padmasingh Issac, MD & Chairman, Aachi Group of Companies. Also, Dr. T.Vijayakumar, Vice -Principal S.Veerassamy College of Engineering and Technology addressed students on 'Pros & Cons of Women Entrepreneurship' on 23.01.2015.

Eco Club

We are committed to create in our students a consciousness which promotes greater sense of responsibility and accountability in terms of protecting our environment and bio-diversity. The eco club was officially inaugurated on 16-09-2014 and Mr. S.K.T.B. Kamaraj. B.A., B.L., former Union Chair Person, Keelapavoor gave a talk on environmentalism. Students were encouraged to plant seeds and grow trees and to become very sensitive to the changes that we are facing due to industrialization. Dr.Jeyakumar, Department of Zoology, Aditanar College, Tiruchendur, delivered a talk on 'Environmental Coastal Hazards' and imparted the students valuable information through his lively interaction.

Youth Welfare Forum

1. The youth welfare forum of our college is committed to develop awareness among our students with regard to all sorts of influences that our youth are subjected today. In this respect, we screened a documentary film 'Vannathu Poochi' on 06-08-2014 and 'Aids Awareness' on 13.09.2014 in our college auditorium.

2. On 25th August 2014 our students participated in a competition, "All India Essay Writing Event" organized by Sri Ramachandra Mission on the topic "To be Truthful is to be Human". In that competition two of our students have got prizes and brought laurel to us.

Photography Club

This club has been formed to create aesthetic skills among students, and to engage them in the activities which could promote creativity, team work, innovation and originality. Several non-formal and informal activities were considered and implemented to involve the students in an educationally engaging manner. One such activity is that the members of this club had been given the task of painting an ideal setting for the dais located in our auditorium with a sense of details which every photographer needs to have, and it was encouraging to find lively participation from our students and through this activity certain skills connected to photography were incidentally imparted to our students.

Future plans

1. It has been widely felt, in our area, the need to start as many Post Graduate courses as possible to help our students accessing to quality higher education. in the forthcoming year, we are going to start the PG course in Mathematics also. This

is expected to bring a ray of hope to many aspiring students whose dream of higher education would otherwise have been a distant possibility.

2. Our management is unquestionably committed to provide the best of infrastructures to make our college a center for excellence. In this regard, as a reflection of their resolve, our management has taken a decision to construct an auditorium and a smart room with all the state-art technology to host academic programs.
3. Our college has been encouraging all kinds of academic activities and programs with a view to promote an environment which is most suitable for imparting meaningful education. We do, in great measure, support and encourage our staff members to involve in UGC minor projects in order to bring them new dimensions of research and developmental activities on our campus.
4. We are devoted to offer an intensive employability training to our students through our innovative skill development programs. These programs shall cover areas such as communication, soft skills, personality development, cross cultural competence, leadership skills and attitude building besides other technical skills. We are resolved to offer rigorous training in these areas through roping in with the institutes and training organizations which have got indisputable record in the similar field.

Conclusion

I should be thankful to all the members of the management, my dear staff members and students for having contributed to the glittering record of success to our college. I dutifully recognize and thankfully recollect the painstaking efforts of our staff, who through their unquestionable dedication and untiring efforts, have made all this success possible. I urge that that they will continue to extend their full cooperation and undivided loyalty to the institution which will reach the place that destiny has in store. Also, I should thank all my beloved students too for having accompanied to the values of our college and our culture, and for having brought us name and fame. I should also thank all the parents who have afforded their continual encouragement and support for all our decision that we take in the best interest of our students. It is true that what all we claim to have achieved is very little when compared what we are capable of achieving. I am sure in the days and months to come; Wavoo Wajeeha College will continue to march ahead and forward steadily in the direction of its dream to translate the noble vision of our college and hopes of our society into a reality.
